Develop virtual production skills that prepare you for the future of broadcast and film.

Earn a specialized credential from one of Canada's top arts schools

Become an expert in emerging technology many feel is the future of film and broadcast media. In addition to studying all aspects of virtual production, you'll have an opportunity, at the end of Term 1, to select electives to focus your professional development in one of three streams: art, camera or technician department. Learn how to work with 3D assets, integrate technology with design and cameras, post-production and more. You'll put your new skills to work on various projects.

Faculty of Animation, Arts & Design

Learn from industry experts

Sheridan's ATVF professors are industry leaders who have worked on internationally recognized and award-winning TV series and feature films. They'll support you closely in our small-class environments and are committed to helping you succeed — whether you're manipulating virtual sets, integrating physical props or operating gaming engines, tracking assets and cameras.

Work with the latest virtual production software and equipment

Apply cutting-edge technology to bring your ideas to life! In Sheridan's ATVF program, you'll use the latest Arri cameras and work in Unreal Engine, Unity and other virtual production/gaming engines used by industry professionals. Our dedicated virtual production studio will also feature an LED volume, allowing you to shoot your projects using a virtual 3D environment on an oversized screen.

Admission requirements

Program eligibility

- A postsecondary diploma or degree in film production, cinematography, game design or visual effects or equivalent fields.

OR

- Two years of experience in related industries having worked on feature films or streamed/network productions evidenced in your Statement of Intent as outlined below.

Applicant selection

Applicants without a postsecondary diploma or degree in film production, cinematography, game design or visual effects will be required to submit a Statement of Intent articulating your reasons for pursuing this program. The Office of the Registrar will update your application in the Sheridan Applicant Portal to let you know if a submission is required.

Applicants who do not meet the admission requirements for this program may be advised individually regarding other related programs.

Domestic applicants

- Postsecondary transcripts indicating courses completed to date must be submitted to ontariocolleges.ca at the time of application.
- Domestic applicants with education outside of Canada must have their transcripts assessed for equivalency through ICAS or WES. A comprehensive (course-by-course) post-secondary credential assessment is required.
- Private career college courses and/or credentials are not acceptable as admission requirements for Sheridan programs.

International applicants

- Official postsecondary transcripts, indicating courses completed to date, and credential must be submitted at the time of application. In case the transcripts/certificates are not in English, note that these documents must be accompanied by a notarized, official translation into English. Translated copies must also be accompanied by a copy of the original transcript.
- International applicants need to follow the international application process.

English language proficiency

All applicants whose first language is not English must meet Sheridan's English Proficiency Requirements.

Refer to the website for full admission requirements.
