Design your way to a bright future.

Take the design process from beginning to end

Sheridan's Industrial Design program gives you the tools to create smart, innovative and meaningful design. You'll go through the entire design process — from research to finished product. You'll look at design problems and imagine, develop and test solutions for specific audiences. Working with our other studios, you'll connect design with creation, broadening your knowledge.

State-of-the-art facilities

In this program, you'll use the latest technology to prepare you for success in the industrial design industry. You'll learn both digital fabrication methods and hand processes. Access to our state-of-the-art FAB LAB (with 3D printers and laser cutters) and our amazing faculty and students in other studios gives you a broad skill set to get you ready for a rewarding career.

Get a foundation in all Craft and Design studios

This program provides a collaborative, multidisciplinary approach to craft and design. You'll build professional fluency in your major studio of specialization while broadening your skills, experiences and perspectives in the other four Craft and Design studios. You'll work with students and faculty from across all specializations on projects that explore the potential of contemporary art, craft and design.

Career opportunities

Many graduates are local and international leaders in the field, finding employment in top design firms or establishing independent studio practices. You may choose positions in design and manufacturing industries, arts service organizations, or galleries and retail operations that specialize in craft and design, or pursue graduate education at a variety of universities throughout North America and abroad.

Here are some jobs you might find:

- Industrial Designer
- Product Designer
- Small-batch Manufacturer
- Design Studio Technologist
- Craft and Design Teacher/Educator
- Design Strategist
- Design Researcher
- 3D Print Fabricator

Courses

Some of the courses you can expect to take in your program

- Design Process
- Digital Drawing
- Materials and Processes
- Human Factors
- Ethics and Values
- Designing User Experience

Fees

Fees displayed are for the first 2 academic semesters and include tuition, health insurance and ancillary charges. These are estimates only; subject to change. See website for details.

For Canadian students

- $9,680.17 CAD

For international students

- $21,254.32 CAD

How to apply:

5 easy steps

1. Find your program
2. Check the admission requirements
3. Apply online
4. Submit your documentation
5. Accept your offer

Admission requirements

Program eligibility

Ontario Secondary School Diploma or equivalent, including these required courses:

- English, Grade 12 (ENG4U or equivalent)
- Four other Grade 12 credits (M or U)
- Minimum 65% overall average
- Visual Arts or Communication Technology credit (Grade 11 or 12 any level, workplace 'E' level not accepted; or postsecondary level); OR an art, design, media or architecture-related Ontario College certificate, diploma or degree; OR a portfolio*

OR

- Two semesters of postsecondary education, including required English and Visual Art (or portfolio*) listed above, with a minimum 65% overall average.

Portfolio

*Applicants without a Visual Arts credit as outlined above will be asked to submit a portfolio.

Applicants submitting a portfolio must have five Grade 12 (M or U) credits.

The Office of the Registrar will update your application in the Sheridan Applicant Portal to notify you if a portfolio is required. Detailed instructions will be provided. Please note that there is a portfolio assessment fee.

The portfolio submission will consist of two components:

- Images of personal work: Submit 10 images showing your creative work. This may include 2D and 3D examples of work such as drawings, paintings, design work, sculpture, photography and completed objects or projects in any media or anything you feel may support your application.
- Questionnaire: Provide responses to the following two questions: What interests you about the program? What do you hope to achieve in the program?

Applicant selection

Eligible applicants are selected based on previous academic achievement (the average of their six highest senior-level credits, including required courses above), plus the results of their portfolio, if required.

Applicants who do not meet the admission requirements for this program may be advised individually regarding other related programs.

English language proficiency

All applicants whose first language is not English must meet Sheridan's English Proficiency Requirements.

Refer to the website for full admission requirements.
