Learn the essentials you need to kickstart your career in business finance.

Prepare for work in the finance industry

In this program, you'll get the fundamental skills you need to find finance jobs. You'll learn to process financial records, analyze reports and network in business. You'll also get hands-on experience as you study investing, financial statement analysis and more. With your well-rounded knowledge, you'll be prepared to work at a financial institution or in a finance department by graduation.

Learn from faculty who work in the financial field

Our business professors are seasoned educators and experienced professionals who are involved and respected in the business community. They teach with years of business experience to give you knowledge about the real-world workings of the finance industry. This practical approach and their industry connections have helped generate great employment opportunities for our students and graduates.

Transfer to our finance advanced diploma program

You can easily transfer into our three-year Business Administration – Finance program at any time during your studies. The advanced diploma offers co-op opportunities, advanced concepts and real-world case studies. It also gives you a chance to choose elective courses that can help you meet requirements to become a Qualified Associate Financial Planner (QAFF) or Certified Financial Planner (CFP).
