## Electrical Engineering Technician

Ontario College Diploma | 2 years  
Davis Campus (Brampton)

**Master the skills of electrical engineering.**

### Outstanding career preparation

Sheridan's Electrical Engineering Technician program offers you the opportunity to gain proficiency in advanced electrical and communication principles. You'll graduate from this two-year program with extensive hands-on experience and a broad skill set applicable to a wide range of industry contexts.

### Earn a credential that employers respect

Learn the most current electrical practices while earning an Ontario College Electrical Engineering Technician diploma – a credential that employers respect.

### Work towards completing your apprenticeship

When you graduate from this program, you may get credit for Levels 1 and 2 of your apprenticeship in-school training requirements. This would give you a great advantage as you work towards completing your construction and maintenance electrician or industrial electrician apprenticeship.

---

# Career Opportunities

Upon completion of this program, you may expect to find employment in the following areas:

Electrical Apprenticeship  
Maintenance  
Power, utility and energy sectors

Electrical Engineering  
Manufacturing  
Quality control and production

---
