**Canada's first master's bridging
animation, games, and immersive
media.**

Get ready to level up your career in screen- based industries

Sheridan's Master of Animation, Games, and Immersive Experiences (MAGIE) is Canada's first master's degree that bridges animation, games, and immersive technologies. Designed for creators and technologists inspiring to become leaders in emerging technologies, this combines advanced applied research methods with inclusive design principles and collaboration.

Learn from the best in the business

Study in Sheridan's world-renowned Faculty of Animation, Arts and Design and you'll learn from industry experts shaping the future of screen industries. Through our Screen Industries Research Training Centre (SIRT), you'll gain access to cutting-edge tools, emerging technologies and applied research that turn creative ideas into real-world impact.

Designed to suit you

Whether you're looking to accelerate your career or balance studies with work, this program is designed to suit you. With options to study full or part time, flexible course options delivered online, and in-person work-integrated learning and research opportunities, MAGIE lets you unlock the passion and knowledge that will drive your career forward.

Career opportunities

With a Master of Animation, Games and Immersive Experiences, you'll be equipped to tackle complex challenges across disciplines and lead the creation of innovative solutions for screen-based industries and beyond.

You might find roles such as:

- Technical Director
- Immersive Experience Designer
- CG Modeller/Design Lead
- Producer
- Unity/Unreal Developer
- Real-time 3D Graphics Specialist
- VR/AR Developer
- Virtual Production Specialist

Courses

Some of the courses you can expect to take in your program

- Screen Industries Bootcamp
- Business Finance and Entrepreneurship
- Leadership Development
- Inclusive Storytelling
- Immersive Narrative
- Technology Innovation Strategies

Admission requirements

Program eligibility

Option 1: bachelor's degree

- Honours or other undergraduate degree in the fields of animation, VFX, game design and development, interactive, mobile, experiential design, digital communications, film, TV, computer science or computer engineering.
- Minimum GPA of 70% within the last two years of the degree.
- Applicants are required to submit a portfolio.

Option 2: diploma and work experience

- Ontario College diploma or equivalent in the fields of animation, VFX, game design and development, interactive, mobile, experiential design, digital communications, film, TV, computer science or computer engineering.
- Minimum GPA of 70% within your relevant Ontario College diploma.
- Applicants must demonstrate that their relevant work experience is equivalent to the knowledge and skills attained through a degree. Applicants must have related work experience, with a minimum of two years relevant leadership experience that demonstrates complex problem solving.
- Applicants are required to submit a portfolio.
- Applicants must complete a bridging course (Composition and Rhetoric) and obtain a minimum grade of 70% before starting the program.

Portfolio

Applicants are required to submit a portfolio, which includes a Statement of Interest, resume, references and portfolio of work. Detailed requirements including due date and submission instructions will be posted in your Sheridan Applicant Portal. Please note that there is a portfolio assessment fee.

Sample portfolio instructions — for reference purposes only — are also available.

Applicant selection

Eligible applicants are selected based on previous academic achievement, plus the results of their portfolio.

English language proficiency

All applicants whose first language is not English must meet Sheridan's English proficiency requirements.

Refer to the website for full admission requirements.
