#### MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of the Sheridan College Institute of Technology and Advanced Learning (the "College") are the responsibility of management and have been approved by the Board of Governors.

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards for government not-for-profit organizations, including the 4200 series of standards, as issued by the Public Sector Accounting Board ("PSAS for Government NPOs"). When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances. Financial statements are not precise since they include certain amounts based on estimates and judgements. Management has determined such amounts on a reasonable basis in order to ensure that the financial statements are presented fairly, in all material respects.

The College maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable, and accurate and that the College's assets are appropriately accounted for and adequately safeguarded.

The College's insurance liabilities have been reviewed by management in consultation with its broker. There are no material liabilities in either fact or contingency as at the date of this report.

The Board of Governors is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements. The Board carries out this responsibility principally through its Finance, Audit and Property Committee.

The Finance, Audit and Property Committee is appointed by the Board of Governors and meets regularly with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy itself that each party is properly discharging its responsibilities, and to review the financial statements and the external auditor's report. The Committee reports its findings to the Board for consideration when approving the financial statements. The Committee also considers, for review and approval by the Board, the engagement or re-appointment of the external auditors.

The financial statements have been audited by BDO Canada LLP, the external auditors in accordance with Canadian generally accepted auditing standards, on behalf of the Board. BDO Canada LLP has full and free access to the Audit and Finance Committee.

#### **Independent Auditor's Report**

#### To the Board of Governors of The Sheridan College Institute of Technology and Advanced Learning

#### Opinion

We have audited the financial statements of The Sheridan College Institute of Technology and Advanced Learning (the "College"), which comprise the statement of financial position as at March 31, 2024, and the statement of operations, statement of changes in net assets, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the College as at March 31, 2024, and its results of its operations, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the College in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the College's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the College or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the College's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### Independent Auditor's Report (continued)

#### Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the College's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the College to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements Year ended March 31, 2024

#### 1. Description of Organization:

The Sheridan College Institute of Technology and Advanced Learning ("Sheridan"), established in 1967, is an Ontario college of applied arts and technology duly established pursuant to Ontario Regulation 34/03 made under the Ontario Colleges of Applied Arts and Technology Act, 2002. By Ontario Regulation 33/03, which was filed and came into effect on February 11, 2003, the name of Sheridan was changed to The Sheridan College Institute of Technology and Advanced Learning. Sheridan is an agency of the Crown and provides postsecondary and vocationally oriented education and training in areas such as animation, arts and design, applied computing and engineering sciences, business, and community and liberal studies.

Sheridan operates on a not-for-profit basis and is a registered charity and, as such, is exempt from income taxes under the Income Tax Act.

#### 2. Significant accounting policies:

#### (a) Basis of presentation:

These financial statements include the accounts, transactions and operations for which Sheridan has jurisdiction. They do not include the accounts, transactions, and operations of Sheridan Student Union Incorporated ("SSUI"), The Sheridan College Foundation, and The U.S. Sheridan College Foundation Inc. which are independently governed.

These financial statements are the representation of management and have been prepared in accordance with Canadian public sector accounting standards including the 4200 standards for government not-for-profit organizations.

#### (b) Revenue recognition:

Sheridan follows the deferral method of accounting for contributions, which include donations and government grants.

Operating grants are recorded as revenue in the period to which they relate. Grants approved but not received at the end of an accounting period are accrued. Should a portion of a grant relate to a future period, it is deferred and recognized in the subsequent period.

Unrestricted contributions are recognized as revenue when received or receivable if the amount can be estimated and collection is reasonably assured.

Externally restricted contributions and restricted investment income are recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are deferred and amortized into revenue on a straight-line basis, at a rate corresponding with the amortization rate for the related capital assets.

Endowment contributions are recognized as direct increases in endowment net assets.

Unrestricted investment income is recognized as revenue when earned.

Notes to the Financial Statements

Year ended March 31, 2024

#### 2. Significant accounting policies (continued):

#### (b) Revenue recognition (continued):

Deferred revenue consists of student fees paid in advance and other revenue to be recognized when the related service is provided. Tuition fees are recognized as revenue when earned through the provision of service. Tuition fees are deferred to the extent that the related courses provided extend beyond the fiscal year of Sheridan.

Ancillary revenue including residence, parking and other sundry revenues are recognized when products are delivered or services are provided to the student or client, the sales price is fixed and determinable, and collection is reasonably assured.

#### (c) Cash and investments:

Cash and investments consist of cash on hand, bank balances and investments in money market, mutual funds, and exchange traded funds. Short-term investments are highly liquid and have a maturity of one year or less. Investments are recorded at fair value on a trade date basis. Fair value is determined based on quoted market prices.

#### (d) Long-term notes receivable:

Long-term notes receivable is carried at amortized cost using the effective interest method.

#### (e) Capital assets:

Purchased capital assets are stated at cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Repairs and maintenance costs are charged to expense. Betterments which extend the estimated life of an asset are capitalized. When a capital asset no longer contributes to Sheridan's ability to provide services, it carrying amount is written down to its residual value.

Capital assets are amortized on a straight-line basis over the useful lives of the assets as follows:

Buildings	40 years
Parking lots, site, and roadway	15 years
Building renovations	1-15 years
Furniture and fixtures	5 years
Computer equipment	3 years
Major equipment	10 years
Equipment and vehicles	5 years
Software implementation	1-15 years

#### (f) Construction in progress:

Construction in progress includes interest and financing costs on funds borrowed for construction purposes. These costs are capitalized at the end of the construction period. Upon commencing use of the facility, capitalized construction costs are transferred to the various categories of capital assets and are amortized on a basis consistent with similar assets.

Notes to the Financial Statements Year ended March 31, 2024

#### 2. Significant accounting policies (continued):

(g) Vacation pay:

Sheridan recognizes vacation pay as an expense as it is earned by employees.

(h) Sick leave benefit entitlements:

Vesting sick leave:

Sheridan has provided for vested sick leave benefits during the year. Eligible employees, after 10 years of service, are entitled to receive 50% of their accumulated sick leave credit on termination or retirement to a maximum 6 months of salary. The program to accumulate sick leave credits ceased for employees hired after March 31, 1991. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

Non-vesting sick leave:

Sheridan allocates to certain employee groups a specified number of days each year for use as paid absences in the event of illness or injury. These days do not vest and are available immediately. Employees are permitted to accumulate their unused allocation each year, up to the allowable maximum provided in their employment agreements. Accumulated days may be used in future years to the extent that the employees' illness or injury exceeds the current year's allocation of days. Sick days are paid out at the salary in effect at the time of usage. The related benefit liability was determined by independent actuaries on behalf of the College System as a whole.

#### (i) Employee future benefits:

Sheridan maintains separate defined benefit plans providing non-pension, retirement, and post-employment benefits for substantially all full-time employees. Sheridan uses the deferral and amortization approach to account for its defined benefit plans. The costs of post-retirement and post-employment benefits related to current service are charged to income annually. The current service cost and the accrued benefit obligation are actuarially determined for each plan using the projected benefit method prorated on service, and management's estimates of investment yields, salary escalation, health care trends and other factors. The most recent actuarial valuation of the benefit plans for funding purposes was as of February 28, 2023, and the next required valuation will be as of January 1, 2027.

Past service costs arising from plan amendments are recognized immediately in the period the plan amendments occur.

Actuarial gains (losses) on plan assets arise from the difference between the actual return on plan assets for a period and the expected return on plan assets for that period. Actuarial gains (losses) on the accrued benefit obligation arise from differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit obligation. The net accumulated actuarial gains (losses) are amortized over the average remaining service period of active employees. The average remaining service period of the active employees covered by the post-retirement benefits plan is 11.7 years (2023 - 11.7 years).

Notes to the Financial Statements

Year ended March 31, 2024

#### 2. Significant accounting policies (continued):

#### (j) Internally restricted net assets:

Net assets, internally restricted by Sheridan, are for capital projects, strategic initiatives and future operating expenses approved by the Board of Governors.

(k) Expendable funds, including bursaries/scholarships and student building fund:

These funds are contributed or pledged for specific purposes; the total funds received, including income earned, are expendable for the specific purpose outlined when the funds were donated.

#### (I) Endowment funds:

These funds are contributed for specific purposes; the principal sum must be held for investment while the income earned is expendable for the specific purpose(s) outlined when the funds were donated.

#### (m) Financial instruments:

Financial instruments are recorded at fair value on initial recognition and subsequently recorded at fair value or amortized cost. Mutual funds and money market funds that would otherwise be recorded at amortized cost are recorded at fair value as they are managed and evaluated on a fair value basis. Other investments are recorded at amortized cost.

Transaction costs related to financial instruments in the fair value category are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the statement of operations and any unrealized gain or loss from changes in the fair value of financial instruments are adjusted through the statement of remeasurement gains and losses.

When the asset is sold, the unrealized gains and losses previously recognized in the statement of remeasurement gains and losses are reversed and recognized in the statement of operations.

The Standards require an organization to classify fair value measurements using a fair value hierarchy, which includes three levels of information that may be used to measure fair value:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 Inputs, other than quoted prices within level 1, that are observable for the asset or liability, either directly (i.e., prices) or indirectly (i.e., derived from prices); and
- Level 3 Inputs for the asset or liability that are not supported by observable market data (unobservable inputs).

Notes to the Financial Statements Year ended March 31, 2024

#### 2. Significant accounting policies (continued):

All cash is measured at fair value as Level 1 and investments are measured at fair value as follows:

	Investments at fair value as of March 31, 2024

#### (n) Use of estimates:

The preparation of financial statements in conformity with public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the period. In estimating the net realizable value of accounts receivable and in estimating accrued liabilities and obligations related to employee future benefits and sick leave benefits, Sheridan relies on assumptions regarding applicable industry performance and prospects, as well as general business and economic conditions that prevail and are expected to prevail. Actual results could differ from those estimates. Sheridan's implementation of *PS3280 Asset Retirement Obligations* has resulted in the requirement for management to make estimates regarding the useful lives of affected tangible capital assets and the expected retirement costs.

#### (o) Asset retirement obligations (ARO):

An asset retirement obligation is recognized when, as at the financial reporting date, all the following criteria are met:

- There is a legal obligation to incur retirement costs in relations to a tangible capital asset;
- The past transaction or event giving rise to the liability has occurred;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

The liability is recorded at an amount that is the best estimate of the expenditure required to retire a tangible capital asset at the financial statement date. This liability is subsequently reviewed at each reporting date and adjusted for the passage of time and for any revisions to the timing, amount required to settle obligation or the discount rate. As all asset retirement obligations are estimated to be settled by the end of 2058, Sheridan used an inflation rate of 2% to help determine the future value of the estimated obligation. This inflation rate is in line with the Bank of Canada's inflation-control target.

Notes to the Financial Statements Year ended March 31, 2024

#### 2. Significant accounting policies (continued):

Upon the initial measurement of an asset retirement obligation, a corresponding asset retirement cost is added to the carrying value of the related tangible capital asset if it is still in productive use. This cost is amortized over the useful life of the tangible capital asset. If the related tangible capital asset is unrecognized or no longer in productive use, the asset retirement costs are expensed. The discount rate used to determine the asset retirement cost was determined by reference to Sheridan's cost of borrowing.

The recognition of the retirement obligation liability results in an accompanying increase to the respective tangible capital assets. The increase to the tangible capital assets is being amortized on a straight-line basis over the useful life, as outlined in note 2(e).

#### (p) Public private partnership (P3):

Effective April 1, 2023, the College adopted new Section PS 3160, Public Private Partnerships, using the retroactive method with restatement. As a result of the adoption, the presentation of the financial statements has changed from the prior year. The standard requires an infrastructure asset and corresponding liability to be recognized.

The impact of adoption of this standard was as follows:

Statement of Financial Position	As at April 1, 2022 (original)	Transition	As at April 1, 2022 (restated)
Tangible Capital Assets	324,729,251	37,444,697	362,173,948

#### 3. Public private partnership (P3)

In 2012, the College entered into a public private partnership arrangement with Campus Development Corp (the Partner) for the design, construction, financing, operation and maintenance of a student residence on land owned by the College at 1400 Trafalgar Road, Oakville, which has been leased to the Partner. The effective date of completion of the Student Residence Complex was July 9, 2014. Under the terms of the arrangement, the Partner is responsible for constructing, financing, operating, and maintaining the student residence for a period of 59 years in exchange for cash payments to the Partner over the term of the arrangement.

Notes to the Financial Statements Year ended March 31, 2024

#### 3. Public private partnership (cont'd):

Refer to Note 8 – Capital Assets\* for information on the cost, accumulated amortization, and net book value of the student residence. If an event of default as defined in the arrangement occurs, the College can terminate the arrangements and repossess the land and the student residence building and replace the Partner as the operator of the student residence. Upon expiry or other termination of the arrangement, the Partner must surrender the student residence building to the College in good condition.

Under the terms of the arrangement, the College is obligated to provide the Partner with access to 1400 Trafalgar Road. The College allocates its payments between the liability principal and interest expense in accordance with the effective interest rate method over the term of the arrangement.

	2024	2023
The liability is repayable in monthly installments of \$254,687 (2023 – \$249,693), which are subject to the Annual Percentage Increase, including interest calculated at a rate of 8.525%, maturing on June 13, 2071.	\$44,821,599	\$44,090,843

During the current year, the interest expense recorded relating to the liability was \$3,786,999 (2023 - \$3,724,806).

In addition, under the terms of the arrangement, the College has a contractual right to receive 20% of the net profits generated from the student residence on an annual basis starting in year 31 to the end of the 59-year arrangement.

#### 4. Public private college partnership

In July 2023, the College entered into a five-year contractual agreement with Canadian College of Technology and Trades (CCTT) in Fort Erie, Ontario. This partnership agreement will enable international students of CCTT to pursue a Sheridan College credential. In the statement of operations, the related revenues are included under Tuition. The amounts paid to the private partner have been reflected within supplies and services fees. Gross revenue from the partnership included in tuition is \$ 5,898,525 (2023 - \$0). Expenses associated with this revenue was \$3,834,041 (2023 - \$0).

#### 5. Cash and investments:

#### 9. Asset Retirement Obligations:

Sheridan's financial statements include an asset retirement obligation for the removal of asbestos in several buildings owned by Sheridan as well as a liability for the removal of hazardous materials in equipment. The related asset retirement costs are being amortized on a straight-line basis. The liability has been estimated using a net present value technique with a discount rate of 4.00% (2023: 4.00%) which are to be incurred over the next 35 years. The liability for all retirement obligations is expected to be settled by the end of 2058.

The transition and recognition of asset retirement obligations involved an accompanying increase to the buildings, major equipment, and equipment capital assets and the restatement of prior year numbers.

Changes to the asset retirement obligation in the year are as follows:

2024	Asbestos removal	Hazardous equipment removal	Total
Opening balance	\$ 9,554,768	\$ 70,655	\$ 9,625,423

	\$ 23,725,565

#### (b) Letters of credit:

Sheridan has posted letters of credit totaling \$1,063,745 (2023 - \$1,063,745) as security deposits with municipal governments in Halton and Peel regions relating to new building constructions at the Davis, Trafalgar, and Hazel McCallion campuses.

#### (c) P3 Contractual agreement

The College has entered into a 59-year contract for the delivery of property management services related to its Student Residence Complex, which requires the College to pay the service provider \$155 (inclusive of non-recoverable HST), per bed, per month (adjusted for CPI annually). Currently there are 48 years remaining on this contract.

#### 16. Employee future benefits and sick leave entitlements:

Sheridan maintains defined benefit plans providing other retirement and future employee benefits to most of its employees.

The cost of other post-employment benefits (including medical benefits, dental care, and life insurance premiums waived during long-term disability ("LTD") related to the employees' current service is charged to income annually. The cost is computed on an actuarial basis using the projected benefit method estimating the usage frequency and cost of services covered and management's best estimates of investment yields, salary escalation, and other factors. Plan assets are valued at fair value for the purposes of calculating the expected return on plan assets.

The fair value of plan assets and accrued benefit obligations were determined by independent actuaries on behalf of the College System as a whole as at February 28, 2023 for employee post-employment benefits, August 31, 2022 for non-vesting sick leave and March 31, 2023 for vesting sick leave.

#### 17. Pension plans:

Qualifying employees of Sheridan are members of the Colleges of Applied Arts and Technology Pension Plan (the "Plan"), which is a multi-employer jointly-sponsored defined benefit plan for eligible employees of public colleges and related employers in Ontario. Sheridan makes contributions to the Plan equal to those of the employees. Contribution rates are set by the Plan's governors to ensure the long-term viability of the Plan.

Any pension surplus or deficit is a joint responsibility of the members and employers and may affect future contribution rates. Sheridan does not recognize any share of the Plan's pension surplus or deficit as insufficient information is available to identify Sheridan's share of the underlying pension assets and liabilities. The most recent actuarial valuation filed with pension regulators as of January 1, 2024 indicated an actuarial surplus of \$5.3 billion. For the year ending March 31, 2024, Sheridan made contributions to the Plan and its associated retirement compensation arrangement of \$22,291,181 (2023 - \$19,653,700) which has been recorded in salaries and benefits in the statement of operations.

#### 18. Ontario Student Opportunity Trust Fund and other endowments:

Endowments represent restricted donations received by Sheridan where the principal is required to be maintained. The investment income generated from the endowments must be used in accordance with the various purposes specified by the donors. Sheridan ensures that all funds received with a restricted purpose are expended for the purpose for which they were provided.

Investment income on endowments that was disbursed during the year has been recorded in the statement of operations once the donors' conditions have been met. The unspent portion of investment income is recorded in deferred contributions for expenses of future periods. Total investment income on endowed assets recognized during the year is \$3,299,593 (2023 - \$3,282,956). Total investment income deferred during the year in excess of disbursement is \$4,547,854. For the year ending March 31, 2023, total investment income recognized as revenue by reducing deferred contributions of endowment expenses of future periods is \$2,071,515.

The Ministry requires Sheridan to include in its financial statements the following disclosures for its Ontario Student Opportunity Trust Funds ("OSOTF I" and "OSOTF II"), and Ontario Trust for Student Support ("OTSS"):

#### 22. Financial risks and concentration of credit risk:

#### (a) Credit risk:

Credit risk refers to the risk that a counterparty may default on its contractual obligations resulting in a financial loss. Sheridan is exposed to credit risk with respect to the accounts receivable, grants receivable, student levy receivable, other notes receivable, cash, and investments.

Sheridan assesses, on a continuous basis, all receivable balances and provides for any amounts that are not collectible in the allowance for doubtful accounts. Accounts receivable and student levy receivable are due from students. Credit risk is mitigated by financial approval processes before a student is enrolled. Sheridan measures its exposure to credit risk based on how long the amounts have been outstanding. The maximum exposure to credit risk of Sheridan at March 31, 2024 is the carrying value of these assets.

The carrying amount of all receivable balances is valued with consideration for an allowance for doubtful accounts. The amount of any related impairment loss is recognized in the statement of operations. Subsequent recoveries of impairment losses related to accounts receivable are credited to the statement of operations. The balance of the allowance for doubtful accounts at March 31, 2024 is \$2,243,145 (2023 - \$2,808,823).

As of March 31, 2024, \$8,414,440 (2023 - \$7,969,520) of accounts receivable were past due (31-60 days and onwards) but not impaired.

The amounts outstanding at year end were as follows:

							2024
					Past due		
		Total	1-30 days	31 – 60 days		61 – 90 days	> 90 days
Student accounts receivable	\$	10,628,251	\$ 489,696	\$ 184,260	\$	5,631,837	\$ 4,322,458

Sheridan holds its cash accounts with federally regulated chartered banks who are insured by the Canadian Deposit Insurance Corporation (CDIC) and provincially regulated credit unions who are insured by the Deposit Insurance Corporation of Ontario (DICO). In the event of default, Sheridan's cash accounts are insured up to \$100,000 (2023 - \$100,000) for federally regulated chartered banks and up to \$250,000 (2023 - \$250,000) for provincially regulated credit unions.

There have been no significant changes to the credit risk exposure from 2023.

#### (b) Liquidity risk:

Liquidity risk is the risk that Sheridan will be unable to fulfill its obligations on a timely basis or at a reasonable cost. Sheridan manages its liquidity risk by monitoring its operating requirements. Sheridan prepares budget and cash forecasts to ensure it has sufficient funds to fulfill its obligations.

Accounts payable and accrued liabilities are generally due within 60 days of receipt of an invoice. The contractual maturities of long-term debt are disclosed in Note 12.

There have been no significant changes to the liquidity risk exposure from 2023.

Notes to the Financial Statements Year ended March 31, 2024

#### 22. Financial risks and concentration of credit risk (continued):

#### (c) Market risk:

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates will affect Sheridan's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

#### (i) Foreign exchange risk:

Sheridan is exposed to financial risks as a result of exchange rate fluctuations and the volatility of these rates. In the normal course of business, Sheridan makes purchases denominated in U.S. dollars. Sheridan does not currently enter into forward contracts to mitigate this risk. Sheridan does not have any material transactions during the year or financial instruments denominated in foreign currencies at year end.

There have been no significant changes to the foreign exchange risk exposure from 2023.

#### (ii) Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in the market interest rates.

Financial assets and financial liabilities with variable interest rates expose Sheridan to cash flow interest rate risk. Sheridan is exposed to this risk through its interest-bearing investments and long-term debt.

Sheridan's long-term debt is fixed rate debt as disclosed in Note 12. Therefore, fluctuations in market interest rates would not impact future cash flows and operations relating to the term debt.

As of March 31, 2024, had prevailing interest rates increased or decreased by 1%, assuming a parallel shift in the yield curve, with all other variables held constant, the estimated impact on the market value of investments would approximate \$3,321,450 (2023 - \$2,722,841).

Sheridan's investments are disclosed in Note 5.

There has been no change to the interest rate risk exposure from 2023.

Notes to the Financial Statements Year ended March 31, 2024

#### 23. Comparative Figures

Certain comparative figures have been reclassified to conform to the current year's presentation.

#### 24. Significant event

On January 22, 2024, the Government of Canada (the "Government") announced an intake cap on international student permit applications for a period of two years, resulting in a reduction of approximately 35% of approved study permits from 2023. At the end of 2024, the Government will reassess the number of new study permits that will be processed in 2025.

In addition, as a result of these policy changes, students at public-private partnership campuses in Ontario will no longer be eligible for post-graduate work permits, which affects the sustainability of these partnerships.

A significant portion of the College's tuition revenues is derived from international students and the College is assessing the impact of this announcement on its ability to earn revenue from international students.

Amounts currently included in deferred revenue may be required to be reclassified to accounts payable and accrued liabilities once management has assessed the impact of this announcement.
