Find yours at Sheridan.

Sheridan

Land acknowledgment statement

We acknowledge the land for sustaining us and for providing us with the necessities of life. This territory is covered by the Dish with One Spoon treaty and the Two Row Wampum treaty, which emphasize the importance of joint stewardship, peace and respectful relationships. As we reflect on land acknowledgments, let us remember that we are all stewards of the land and of each other.

Sheridan campuses reside on land which has been and still is the traditional territory of several Indigenous nations, including the Anishinaabe, the Haudenosaunee Confederacy, the Wendat, the Métis and the Mississaugas of the Credit First Nation. Since time immemorial, numerous Indigenous nations and Indigenous Peoples have lived on and passed through this territory.

Sheridan affirms it is our collective responsibility to honour the land, as we honour and respect those who have gone before us, those who are here and those who have yet to come. We are grateful for the opportunity to be learning, working and thriving on this land.

Welcome to Sheridan's
Transfer Guide

Sheridan has many internal agreements within the College, as well as external agreements with other institutions, that may recognize your full or partial credentials.

If there are any institutions you're interested in that aren't listed, please reach out to us, as it doesn't mean there isn't an opportunity for you!

Sheridan's definition of pathways

Pathways are different routes that you can take to progress through the education system. The pathways system assists you to move between or within postsecondary institutions or programs, recognizing previous relevant learning.

Pathways relate to credit transfer and credit recognition involving prior learning, high school courses, preparatory programs, apprenticeships, certificates, diplomas, advanced diplomas, undergraduate and graduate degrees, and established articulation agreements.

Continuing your education

Access to Sheridan's various pathways allows you to build on your existing credentials and experience, making it easier to get credit for what you already know. In addition to a number of pathways within our own programs, Sheridan has transfer agreements with universities and colleges around the world. If you decide to continue your studies at another college or university, you may be able to transfer some of your Sheridan credits.

A Sheridan diploma may also lead to admission into a degree program.

For more information, visit **sheridancollege.ca/pathways** or visit **ONTransfer.ca** for information about program transfers between Ontario colleges and universities.

General transfer information

Each institution determines its own transfer policies, which are subject to change. This brochure is intended as a general guide to help you get started.

For more information, contact the Admissions Office at the institution you're interested in attending. As well as the transfer opportunities listed in this brochure, you'll find that most institutions consider additional admission and credit transfer applications to programs based on general transfer policies. The amount of credit transfer given will vary depending on the institution, the program and your grades.

For more details, visit the websites of the institutions you're interested in and search for transfer student policies. Additional resources are available at **ONTransfer.ca**

Sheridan students and alumni may also consult with a Career Counsellor in Sheridan's Career Centre for further guidance.

Eligibility for a degree program

If you complete one year of study at Sheridan, you may be eligible for admission into Year 1 of a degree program at most institutions, even if you don't have the required degree entrance requirements from high school. There may be additional prerequisites that you'll be responsible for successfully completing though. You must meet the institution's minimum grade requirement to be considered, and in many cases, you'll need to exceed that requirement for admission. Supporting documents such as portfolios, resumés and letters of reference may also be required.

Are you coming to Sheridan from another postsecondary institution?

Once you've been accepted to Sheridan and have paid your fees, you can access our online credit transfer services to see what previous learning credits may be applied to your current program of study. **Visit our web page** for more information.

Transferring credits

Institutions typically grant transfer credit based on the following:

+ The compatibility of your diploma studies with the program you wish to enter.

+ Your overall academic average at Sheridan and, in some cases, your individual course grades.

Some institutions grant block transfer credit based on the length of your Sheridan studies. Other institutions assess credit transfer on a course-by-course basis (advanced standing). It's important that you check with the Admissions Office at the institution you wish to attend.

Dual credits

Are you a high school student or recent graduate who has successfully completed one or more dual credit courses?

If yes, you may be eligible to have those courses recognized as credits into a Sheridan certificate, diploma or advanced diploma program. You've already experienced all the great aspects of college learning and higher education, so take advantage of your dual credit experience and approach your college studies with confidence.

To learn more about credit transfer options, contact **pathways@sheridancollege.ca**

Faculty of Applied Science and Technology (FAST)

Any Ontario college computer-related advanced diploma

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Algoma University	Bachelor of Computer Science	Up to 60 credits	Approx. 4 semesters (2 academic years)
University of Windsor	Bachelor of Computer Science **or** Bachelor of Computer Science (Honours) Applied Computing		

Architectural Technician

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Davenport University	Bachelor of Business Administration – Business	60 credit hours	Approx. 4 semesters (2 academic years)

Architectural Technician or Architectural Technology

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Athabasca University	Bachelor of Science – Architecture major (4-year post-diploma)	30 credits plus APST 230 and ARCH 200	Approx. 6 semesters (3 academic years)
	Bachelor of Science (post-diploma) with Computing and Information Systems (CIS), Human Science (HS) **or** Applied Mathematics (APMT) majors	30 credits	Approx. 6 semesters (3 academic years)
	Bachelor of Science (post-diploma)	60 credits	Approx. 4 semesters (2 academic years)
OCAD University	Bachelor of Design (Honours) in Environmental Design **or** Environmental Design: Interior Design specialization	May be eligible to apply for upper-year entry. Evaluated on a case-by-case basis.	Approx. 2–3 years if offered admission to an upper year

Architectural Technology

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Boston Architectural College	Master of Architecture	Up to 44 credits	Approx. 4 semesters (2 academic years with full-time study)
Conestoga College	Bachelor of Applied Technology (Architecture – Project and Facility Management)	Up to 26 credits	Approx. 4 semesters (2 academic years)
Davenport University	Bachelor of Business Administration – Business	90 credit hours	Approx. 2 semesters (1 academic year)
Griffith University	Bachelor of Architectural Design	100–140 credit points	Approx. 3–4 semesters (1.5–2 academic years)
Lawrence Technological University	Bachelor of Science in Architecture	86 credits maximum towards 133 credits	Approx. 4 semesters (2 academic years)
	Master of Architecture	79 credits minimum towards 168 credits (3.0 GPA required for automatic admission)	
McMaster University	Bachelor of Technology – Civil Engineering Infrastructure Technology	2 years; entrance into Year 3	2–2.5 years

Chemical Engineering Technology

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Cape Breton University	Bachelor of Engineering Technology – Environmental Studies **or** Petroleum	Up to 36 credits	Approx. 2 semesters (1 academic year)
Davenport University	Bachelor of Business Administration – Business	90 credit hours	Approx. 2 semesters (1 academic year)
Lakehead University	Bachelor of Engineering (Chemical)	2 years; entrance into Year 3	Approx. 4 semesters (2 academic years)
McMaster University	Bachelor of Technology – Manufacturing Engineering Technology	2 years; entrance into Year 3	
	Bachelor of Technology – Software Engineering Technology	2 years; entrance into Year 3	2–2.5 years
Royal Roads University	Bachelor of Arts **or** Science in Environmental Practice **or** Bachelor of Science in Environmental Science	Entrance into Year 3	Approx. 2 semesters (1 academic year)

Chemical Engineering Technology – Environmental

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Cape Breton University	Bachelor of Engineering Technology – Electronics and Control **or** Petroleum	Up to 36 credits	Approx. 2 semesters (1 academic year)
Davenport University	Bachelor of Business Administration – Business	90 credit hours	Approx. 2 semesters (1 academic year)
Royal Roads University	Bachelor of Arts **or** Science in Environmental Practice **or** Bachelor of Science in Environmental Science	Entrance into Year 3	Environmental Science: On campus: 1 year; blended: 2 years
Western University	Bachelor of Science – major in Chemistry and minor in Environmental Science **or** Bachelor of Science – major in Chemistry and major in Environmental Science (4-year)	Up to 6.5 credits	Approx. 6 semesters (14 credits required for completion)
	Bachelor of Science – major in Chemistry and minor in Environmental Science (3-year)	Up to 6.5 credits	Approx. 4 semesters (8.5–9 credits required for completion)
	Honours Bachelor of Science – Honours Specialization in Chemistry **or** Environmental Science (4-year)	Up to 6.5 credits	Approx. 6 semesters (13.5–14 credits required for completion)

Chemical Engineering Technology or Chemical Engineering Technology – Environmental

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Athabasca University	Bachelor of Science (4-year post-diploma) with Computing and Information Systems (CIS), Human Science (HS) **or** Applied Mathematics (APMT) majors	30 credits	Approx. 6 semesters (3 academic years)
	Bachelor of Science (4-year post-diploma)	60 credits	Approx. 4 semesters (2 academic years)
Royal Roads University	Bachelor of Arts in Envrionmental Practice **or** Bachelor of Science in Environmental Practice **or** Environmental Science	Entrance into Year 3	Approx. 2 semesters (1 academic year)

Chemical Laboratory Technician

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Davenport University	Bachelor of Business Administration – Business	60 credit hours	Approx. 4 semesters (2 academic years)
Royal Roads University	Environmental Science	Entrance into Year 3 (approved for block transfer with the addition of the following recognized college-/university-level courses: one in biology and two in English or communications)	On campus: 1 year; blended: 2 years
	Bachelor of Arts in Environmental Practice **or** Bachelor of Science in Environmental Practice	Entrance into Year 3	Online: 2 years

Computer Engineering Technician

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Athabasca University	Bachelor of Science (4-year post-diploma) with Computing and Information Systems (CIS), Biological Science (BIOS) **or** Applied Mathematics (APMT) majors	30 credits	Approx. 6 semesters (3 academic years)
	Bachelor of Science (4-year post-diploma)	60 credits	Approx. 4 semesters (2 academic years)
Davenport University	Bachelor of Science – Technology Project Management	90 credit hours	Approx. 4 semesters (2 academic years)
Nipissing University	Honours Bachelor of Science in Computer Science	Up to 45 credits	Approx. 2.5–3 academic years
	Bachelor of Science in Computer Science	Up to 30 credits	Approx. 2 academic years

Computer Engineering Technology

Institution	Program name	Maximum credit given at institution	Minimum academic years required for completion
Athabasca University	Bachelor of Science (4-year post-diploma) with Computing and Information Systems (CIS), Biological Sciences (BIOS) **or** Applied Mathematics (APMT) majors	30 credits	Approx. 6 semesters (3 academic years)
