

In early 2019, the Sheridan Alumni office conducted its first-ever comprehensive alumni survey. Nearly 3,000 people responded, giving us a fuller picture of our graduate community, what keeps them #SheridanProud, and what we can do to build better programs.

Here's what we've learned:

Close to **40%** of our 180,000 grads have graduated since 2010.

That's more than
69,000
grads.

You want to connect with us on social media, especially on Facebook and LinkedIn.

Many of our alumni call **Halton** and **Peel** Regions home.

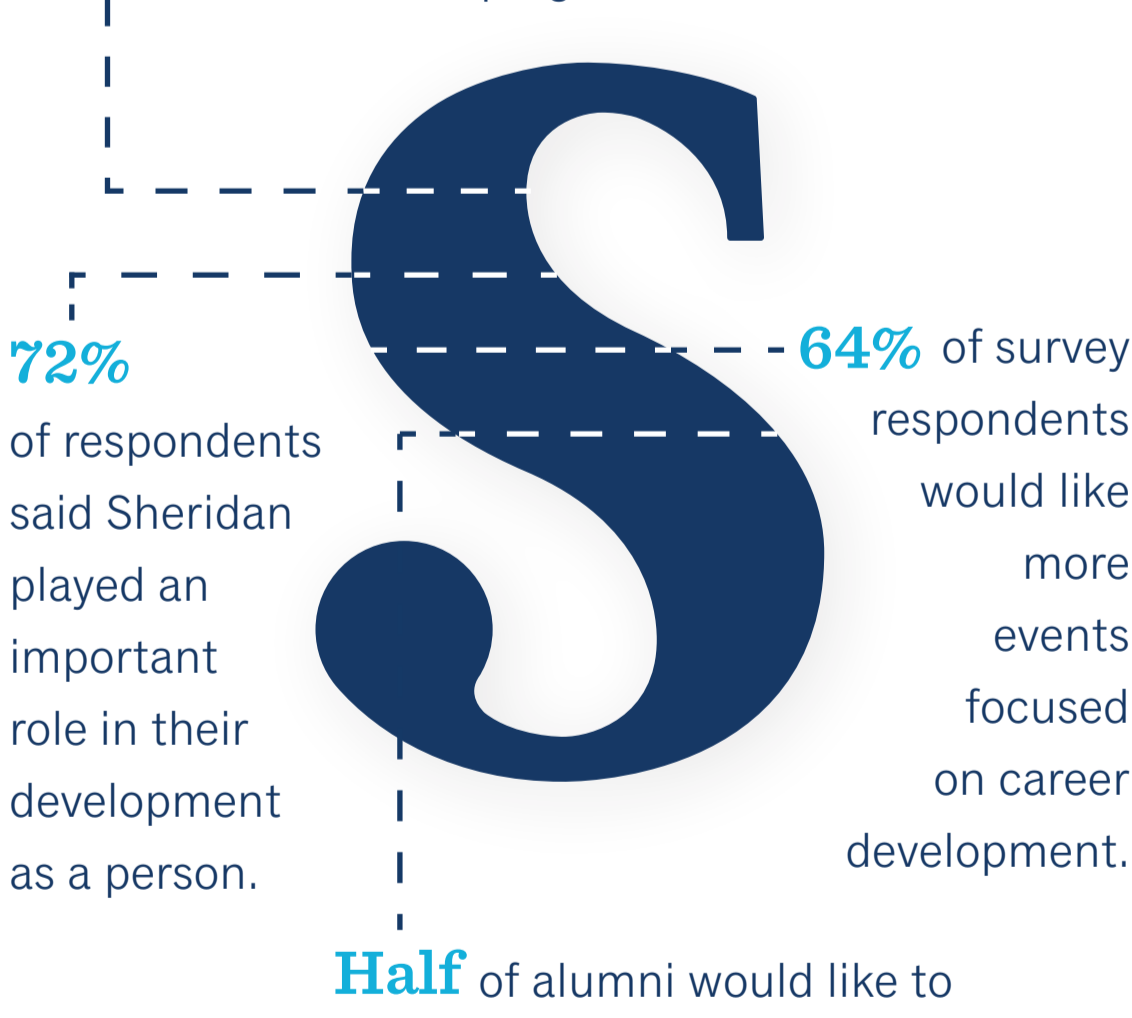

The survey also gave us the chance to hear from alumni living all over the world, including grads who live in the **United States, Austria, Taiwan, and Kenya.**

60% of our respondents are working in a field related to their study, especially alumni from:

- Architecture**
- Crafts & Design**
- Human Resources**
- Arts & Entertainment Fields**
- Interior Design & Decorating**

81% of survey respondents expressed interest in helping current students.

Half of alumni would like to attend a class reunion.

Most respondents think Sheridan is good at celebrating alumni achievement and the College's success... **But only 42% say we are doing a good job of offering mentoring, and less than 40% feel connected to other grads.**

We're introducing programs, and a new online mentoring platform, to help in these areas.

Sheridan
connect
engage. inform. inspire.
