Academic Integrity

By submitting your Admission Requirements, you are agreeing to comply with Sheridan's Academic Integrity Policy. The Academic Integrity Policy states:

Sheridan College is committed to upholding the highest standards of academic integrity. The International Centre for Academic Integrity (ICAI) defines academic integrity as "a commitment, even in the face of adversity, to six fundamental values: honesty, trust, fairness, respect, responsibility, and courage. From these values flow principles of behavior that enable academic communities to translate ideals into action".

Applicants who are found to have falsified transcripts, cheated on admission tests, or submitted fraudulent documents or in any other way attempted to circumvent the admissions process in a manner inconsistent with the principles of academic integrity, will not be granted admission to the College. Those applicants will be ineligible for admission to any Sheridan program or course for a period of not less than 5 years, after which admission to the College will be reviewed on a case- by-case basis.

For programs where a portfolio submission is required as part of the admission process, portfolio work should represent an applicant's own ideas, writing, projects and creations. Where others have contributed, or non-original ideas have been included, applicants will give proper recognition and reference.
