

**ACCA**

Think Ahead

Sheridan

**OPEN DOORS  
TO A WORLD OF  
OPPORTUNITIES**

If you're looking for an exciting, rewarding career that could take you all over the world, studying the ACCA Qualification could be a great place to start.

When you combine academic studies with the world-leading ACCA Qualification, you gain a blend of skills and experience that makes you instantly attractive to employers.

Study the ACCA qualification at Sheridan College Institute of Technology and Advanced Learning, Canada.

## When you study the ACCA Qualification you can:

### Go anywhere, do anything

Whatever your passion is, ACCA's flexible qualification will help you get there. And because it's recognised all over the world, you can work internationally.

### Stand out to the best employers

The ACCA Qualification gives you the technical, professional and ethical skills and experience employers everywhere are looking for.

### Accelerate your career

Studying the ACCA Qualification along side your college or university program means you'll be able to start your career sooner.

### Be part of something big

When you join ACCA, you become part of a global network of students and members who'll be there to support you throughout your career.

## Business Accounting at Sheridan College

# Develop fundamental skills that are assets to any accounting career.

### Master fundamental accounting skills

Learn the general principles and applications that modern accountants rely on. Expert professors will guide you through foundational concepts in a small classroom environment, supporting their lectures with hands-on learning opportunities. You'll gain experience using spreadsheets and databases. You'll learn to use accounting and tax software programs such as Sage 50 and Profile.

### Learn how accounting supports business

Businesses rely on accountants to monitor their performance, compliance and financial health. Your first year will involve common curriculum shared by all business students, providing you with an understanding of how companies work. Topics of study include communications, finance, human resources and marketing — all areas of business you'll impact as an accountant.

### Earn credits towards your degree and ACCA Qualification

Many students use our two-year Business Accounting diploma program as a springboard towards their degree. Your diploma credits can be applied towards our Honours Bachelor of Business Administration – Accounting degree program, which even features some of the same professors! Credits in the diploma program can also be applied towards your Association of Chartered Certified Accountants (ACCA) qualification.

### Study in Brampton or Mississauga

All courses in our two-year Business Accounting diploma program are offered at both our Davis Campus in Brampton and our Hazel McCallion Campus (HMC) in Mississauga.

### Program:

Diploma in Business - Accounting (Ontario College Diploma - 2 years)

### Upon completion of the 2-year diploma program, students will receive the following ACCA Qualification credits:

- Business and Technology (BT)
- Management Accounting (MA)
- Financial Accounting (FA)
