

ACCA

Think Ahead

Sheridan

**OPEN DOORS
TO A WORLD OF
OPPORTUNITIES**

If you're looking for an exciting, rewarding career that could take you all over the world, studying the ACCA Qualification could be a great place to start.

When you combine academic studies with the world-leading ACCA Qualification, you gain a blend of skills and experience that makes you instantly attractive to employers.

Study the ACCA qualification at Sheridan College Institute of Technology and Advanced Learning, Canada.

When you study the ACCA Qualification you can:

Go anywhere, do anything

Whatever your passion is, ACCA's flexible qualification will help you get there. And because it's recognised all over the world, you can work internationally.

Stand out to the best employers

The ACCA Qualification gives you the technical, professional and ethical skills and experience employers everywhere are looking for.

Accelerate your career

Studying the ACCA Qualification alongside your college or university program means you'll be able to start your career sooner.

Be part of something big

When you join ACCA, you become part of a global network of students and members who'll be there to support you throughout your career.

Professional Accounting - Ontario College Graduate Certificate at Sheridan College

Work towards a career in accounting.

Learn how accounting supports business

Businesses rely on accountants to monitor their performance, compliance and financial health. The Professional Accounting Ontario College Graduate Certificate provides you with an understanding of how accounting and finance support businesses. Topics of study include financial reporting, managerial accounting, taxation, audit and economics — all areas of business you'll impact as an accountant.

Learn in a supportive classroom environment

This concentrated program provides you with a supportive classroom environment. You'll also benefit from the best of the college experience — practical learning, one-on-one attention and small classes.

Co-op or fast track: the choice is yours

If you start in May or September, you'll have the option to apply for our co-op program, which adds a four-month work term. This gives you the chance to gain valuable work experience and showcase your accounting skills to potential employers. You may also choose to fast track your studies by starting in January. In that case there's no co-op term, so you can complete the program in three semesters.

Learn the latest accounting software

Accountants need to have a strong theoretical knowledge as well as practical software skills. Unlike other institutions, Sheridan gives you both. This combination of theory and software experience will make you more marketable to potential employers. And because you'll be familiar with the latest accounting software, you'll be ready for the workplace.

ACCA is not affiliated with any Chartered Accountant (CA) organization or Chartered Professional Accountant (CPA) organization.
